

An update for our valued guests:

The health and safety of our guests and employees is of the utmost importance to us. During these troubling times, we at the Nassau Inn have been monitoring the developments related to the coronavirus. We assure you; we have raised our typical standards of cleanliness and service and are dedicated to providing a safe place for you and your family to stay and enjoy your time in Princeton.

The Nassau Inn has increased the frequency of regular cleaning and sanitizing in the hotel common areas, bathrooms, guest rooms and the Yankee Doodle Tap Room restaurant. We've also installed additional hand sanitizer stations in and around the Hotel. Our staff is regularly disinfecting the interior common area surfaces including, elevators, handrails, doorknobs, etc. In addition, we are committed to keeping our staff informed and have encouraged them to stay home if they are not feeling well.

In that regard, please review the recommended best practices of the Centers for Disease Control (the "CDC") in terms of prevention related to health and hygiene at <https://www.cdc.gov/coronavirus/2019-ncov/index.html>, which recommendations include:

- Wash your hands often with soap and water for at least 20 seconds
- Avoid touching your eyes, nose, and mouth.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

In addition, the New Jersey Department of Health further provides up-to-date information related to the Coronavirus and its impact on New Jersey at https://www.nj.gov/health/cd/topics/covid2019_resources.shtml.

Please continue to stay healthy and safe.

Sincerely,
Lori Rabon
Vice President of Palmer Square & Nassau Inn
