

A Message to our Valued Guest,

The health and safety of our guests and employees is of the utmost importance to us. During these troubling times, we at the Nassau Inn have been monitoring the developments related to the coronavirus. We assure you we have raised our typical standards of service, sanitation, and cleanliness. We are dedicated to providing a safe place for you and your family to stay and enjoy your time in Princeton.

While the recommendations and guidelines from the CDC and New Jersey Department of Health are constantly evolving, we have been working diligently to ensure our safety and sanitation protocols not only meet those requirements but exceed our already high standards of service and hospitality.

Stay, dine, and meet with the confidence of knowing the following procedures have been put in place to better protect our guests and employees:

- Increased cleaning and disinfecting frequency of all public spaces and surfaces including, elevators, handrails, doorknobs, etc.
 - Use of ultraviolet light technology to disinfect guest room key and packages
 - Readily available hand sanitizer stations
 - Increased disinfection of top touchpoints in the guest rooms such as light switches, remote controls, telephones, HVAC displays, plumbing fixtures, alarm clocks and all door handles.
 - Minimized points of contact and removal of all nonessential items from the guest rooms such as pen and paper, toiletries etc. One-time use items will be provided upon request.
 - Enhanced sanitation efforts deploying the use of electrostatic disinfectant sprayers in guestrooms (between stays) and employee and public areas of the hotel (daily)
 - Thorough inspection of each room between guest stays
 - Limited housekeeping interaction throughout stay, rooms will be cleaned between guests only
 - Increased signage and enforcement of social distancing protocols for our staff and guests
 - Enhanced staff training in the new health and sanitation procedures
 - Enhanced health and wellness measures for our employees including the use of personal protective equipment and daily health evaluations including temperature checks prior to each shift
 - Masks made available for guests who do not have one
 - The Yankee Doodle Tap Room adheres to equally diligent safety and sanitation protocols.
- For the complete statement please visit **HERE**.

We strive to give you the confidence to travel with security. As the guidelines evolve, so will we, please check back frequently to see what health and safety protocols we have implemented. The newly appointed Health and Sanitation Manager will lead us as we overhaul our sanitation practices and introduce new measures for the added safety of our guests and employees.

Please continue to stay healthy and safe.

Sincerely,

A handwritten signature in black ink that reads "Lori Rabon". The signature is written in a cursive, flowing style.

Lori Rabon

Vice President of Palmer Square & Nassau Inn

Now more than ever, we are committed to ensuring your safe and enjoyable stay with us at the Nassau Inn.

In that regard, please review the recommended best practices of the Centers for Disease Control (the “CDC”) in terms of prevention related to health and hygiene at:

<https://www.cdc.gov/coronavirus/2019-ncov/index.html>, which recommendations include:

- Practice social distancing
- Wear a facial covering
- Wash your hands often with soap and water for at least 20 seconds, if you do not have access to soap and water use hand sanitizer made of at least 60% alcohol
- Avoid touching your eyes, nose, and mouth.
- If you are in a private setting without a facial covering, cover your cough or sneeze with a tissue, then throw the tissue in the trash.

In addition, the New Jersey Department of Health further provides up-to-date information related to the Coronavirus and its impact on New Jersey at:

https://www.nj.gov/health/cd/topics/covid2019_resources.shtml.
